

Female Correctional Institution
P.O. Box 41
Maseru
04/02/17

As women who have benefited from the gift from father John David OM&I, we would like to say, we thank him very much. This has really been a blessing to us and we are very happy to go back to our families to take care of our children.

Having been at the correctional institution has made us to reflect on our lives and we have seen where we went wrong and we are not going to repeat the mistakes that we did before.

We really hope this can be done for other women. We thank you very much.
